Subject: MLPAComments: Why BAN SALMON fishing

Dear Sirs

Please do not BAN Salmon fishing along our coast this year

as is being discussed with the DFG ..we outdoor lovers look forwards to fishing each year and provide our families with healthy wild Salmon to eat for only 7 months a year..It would devastate all the sport fishery industry....harbors..tackle shops...charters..boat sales and service..license fees..hotels..millions of \$\$ lost in revenue and economy

If less salmon need to be caught to help..... then...ban the commercial fishery..not the sportsmen...they sell the salmon for cheap...and have no limit on how many they can catch..WE are limited to only 2 salmon per day.

PLEASE HELP US!!

I want to take my Grandson Salmon fishing!!
